Getting started

- 1 To find the application, press the Menu button to display the main menu on your phone.

- 2 The Boots Pix2Print icon will appear as the first item on the main menu.

- 3 Highlight the "Boots" icon and press firmly on the centre of your scroll button to launch the Pix2Print application.

- 4 The first time you use Pix2Print you will be asked to enter your mobile number*. This is to register you for the service and is free. Enter your mobile phone number (eg. 07988 123456) and then click the OK button. Your phone will then connect to Boots to get the latest prices, offers and store lists. When you are asked to select an access point, please choose "Vodafone Internet"

You will now be able to order photos of your camera phone pictures for collection at your local Boots store.

Selecting a picture to print

- 1 The first screen you will see will ask you to add pictures from your phone to your order. Select the “Options” button and then select “Add Image”.

- 2 Next, select the location where you store the pictures you take with your camera phone. Thumbnail images of your images will appear on your phone's display. select one of the pictures you want to print.

- 3 If you want to add other pictures go to the “Options” menu, select “Add Image”, select the picture location on your phone (phone memory or memory card), and then select the image.

Sending your order

- 1 After you have added all of the pictures you want to print to your order, select the "Options" menu and then select "Send Order". You will be prompted to select a Boots location at which to print your order.

- 2 Select the Boots store and you will then be shown an order confirmation screen before your order is sent for printing. Select "Yes", select the "Vodafone Internet" access point when prompted and your order will be sent to Boots.

- 3 You will now receive a confirmation text message containing your order number. Please keep this text message to use when you go to Boots to pick up your pictures.
